About Rajmata Jijau Shikshan Prasarak Mandal

Rajmata Jijau Shikshan Prasarak Mandal (RJSPM), a public trust established in 2000, is dedicated to imparting value-based, student-centric education to learners from both urban and rural regions of Maharashtra. Guided by a clear and focused vision, the trust has developed a comprehensive educational ecosystem offering education from Nursery to Postgraduate (PG) level within a short span of time.

At present, RJSPM manages institutions across diverse academic streams, including Arts, Commerce and Science, Management, Pharmacy (Diploma, Degree & PG), Nursing, Junior College, and a CBSE-affiliated International School, thereby ensuring holistic academic, professional, and personal development of students.

RJSPM functions under the dynamic leadership of Hon. Chairman Shri Vilas Lande, Hon. Secretary Shri Sudhir Mungase, and the respected trustee members, whose vision, guidance, and commitment have been central to the Trust's sustained growth and pursuit of academic excellence.

About RJSPM's, College of Pharmacy, Dudulgaon, Pune

The pharmaceutical education journey of RJSPM began with the introduction of the Diploma in Pharmacy (D. Pharm) in 2006, followed by the Bachelor of Pharmacy (B. Pharm) program in 2007. Strengthening its academic portfolio further, the Trust launched the Master of Pharmacy (M. Pharm) program in 2024, reinforcing its commitment to delivering quality, affordable, and industry-relevant professional education.

The institution is approved by the Pharmacy Council of India (PCI), New Delhi, the Directorate of Technical Education (DTE), Mumbai, and the Government of Maharashtra, and is affiliated with Savitribai Phule Pune University (SPPU), Pune & MSBTE, Mumbai. Accredited with NAAC 'A' Grade and certified under ISO 9001:2015 and ISO 14001:2015 standards, the institution consistently upholds excellence in academics, governance, and holistic student development.

“AI empowers researchers to innovate faster—ethically, transparently, and sustainably.”

About the Conference

AI-Driven Digital Transformation in Research and Ethical Open Knowledge Access Beyond Sci-Hub

This conference focuses on the role of Artificial Intelligence (AI) in driving digital transformation across pharmaceutical and biomedical research, with special emphasis on ethical, legal, and sustainable access to scientific knowledge beyond Sci-Hub. The program highlights how AI-powered tools are reshaping literature discovery, data mining, research analytics, scientific writing, and knowledge management while ensuring compliance with intellectual property rights and academic integrity.

The rationale for the conference arises from the growing dependence on digital research ecosystems, increasing data complexity, and the urgent need for responsible alternatives to unauthorized knowledge access. AI-enabled platforms now offer intelligent literature intelligence, open-access discovery, research automation, and decision support systems that enhance research efficiency without compromising ethics or regulatory norms.

Key sessions will cover AI-enabled literature intelligence, research workflow automation, open-access databases and repositories, data-driven decision-making, and best practices for ethical knowledge access and scholarly communication. The conference aims to sensitize researchers, educators, and students to emerging AI tools while promoting responsible research conduct, transparency, and global knowledge sharing.

Overall, the event seeks to empower participants with future-ready digital competencies, strengthen ethical research practices, and support a sustainable and innovation-driven academic and research environment.

“Artificial Intelligence is Redefining Pharmaceutical Research.”

Call for Abstracts

Abstract Submission

In line with the conference vision, scientists, academicians, students, research scholars, and industry professionals from the pharmacy and medical fields are invited to participate and present their research.

Abstract Guidelines

Participants wishing to present their work must submit a structured abstract not exceeding 250 words. The abstract should include the Title, Author(s), Affiliation, Email ID, Contact Number, Background, Materials and Methods, Results, Conclusion, and Keywords. Abstract submission is mandatory for all participants opting for oral presentations.

Oral Presentation

Participants are required to prepare a PowerPoint presentation consisting of 12-15 well-structured slides. The total presentation time will be 15 minutes, with 10 minutes allocated for the oral presentation followed by 5 minutes for discussion and questions.

Evaluation & Ethics

All presentations will be evaluated based on clarity of content, scientific accuracy, and originality of the work. Presenters are expected to prepare clear, well-organized, and easily readable slides, avoiding overcrowding of text and ensuring effective visual communication. In addition, all submissions and presentations must strictly adhere to ethical standards and responsible presentation practices, including proper citation of sources and avoidance of plagiarism.

Participants are encouraged to present their research through an oral presentation in the following areas:

- Harnessing AI for Transforming Drug Discovery, Development, and Quality Assurance in the Pharmaceutical Industry
- Pharmaceutics
- Pharmacology and Clinical Research
- Pharmaceutical Chemistry & Analysis
- Pharmacognosy, Phytochemistry and Herbal formulations

"All accepted manuscripts will be published in **The International Institute of Pharma & Medical Research Conference Journal** under Scitek Hub, indexed with the Jeevan Citation Index." (Nominal publication charges apply.)
